Welcome to Haverhill  
Sixth Form at Samuel Ward.  
For learning  
to flourish,  
for students to achieve  
good examination outcomes and to be successful  
and confident adults, the education conditions must  
be of high quality. We have a proven track record of  
success and much to be proud of.

Students who join our sixth form are normally 16 and come through from Samuel Ward, however increasing numbers are coming from other schools and colleges and all seem to settle in very quickly.

They can expect a

**positive and warm welcome**

and will be treated on the basis of their merits.

Our purpose built sixth form area boasts a state of the art ICT suite, a student social area with coffee bar and 3 general teaching areas.

All Images shown are taken from Samuel Ward 6th form art show or taken by 6th form photography students.

Each student is assigned a personal tutor who helps plan an individual programme of study and is responsible for the

## support and welfare

of students throughout their time here.

Most students study 4 A/S subjects in their first year and continue with 3 or 4 'A' levels in year 13. A large range of vocational courses are available and students can also enter for GCSE or equivalent courses if required.

More specialist subjects like electronics and law are also available using teleconferencing.

INVESTOR IN PEOPLE

A strong partnership between students, parents and tutors helps students set **realistic goals** and achieve their best. But we also recognise the importance of developing independent thinking and self-confidence in our students, so that they leave us well balanced and reflective young adults.

This brochure tries to capture the essence of a students progression through Samuel Ward Arts and Technology College and Sixth Form College but it can only do so much. Please arrange to visit us by calling 01440 761511 to arrange an appointment.
